

Achyut Anant Deshpande

Contact Details

Phone: - 7420878362

Address: - Miraj-416410

Email: - deshpandeachyut27@gmail.com

LinkedIn: - <https://www.linkedin.com/in/achyut-deshpande-b34369334>

Website: - <https://achyutdeshpande.github.io/>

Educational Background

- **DKTE Society of Textile & Engineering Institute, Ichalkaranji**
B.TECH Final Year Mechanical Year: - 2022-2026
- **Vidya Mandir Prashala and Junior College, Miraj**
HSC: - 68.00% Year: - 2022
- **Ideal English School, Miraj**
SSC: - 71.40% Year: - 2020

Internship Experience

- **Screwtech Engineering Private Limited.**
Position: -Intern in Design Department. (06/2026 - Present)
- **Rotadyne Precision Engineering Private Limited.**
Position: -Intern in the Quality Control Department. (12/2024)
- **Mahabal Metals Private Limited.**
Position: -Intern in the Machining Department. (06/2024)

Projects

- **TCES System:** Investigated thermochemical energy storage using salt hydrates (SrBr_2 , SrCl_2); designed and tested a reactor to analyze energy density, charging/discharging behavior, and thermal efficiency with minimal losses. **Awarded Best Project Award (2025–26).**
- **Air-Based Rain Protection Helmet:** Developed a conceptual helmet integrating an air-inflated dome for rain protection; focused on structural feasibility, airflow stability, and ergonomics; design patent filed (Application No. 454613-001).
- **Water Surface Waste Collector:** Designed a stationary, floating waste collection system inspired by Seabin; emphasized low-cost materials, passive operation, and effective removal of floating debris from ponds and small water bodies.

Certificate

- **Best Project Award (2025–26), DKTE's Textile & Engineering Institute for the TCES System project.**
- **Six Sigma White Belt certified;** knowledge of continuous improvement, waste reduction, and basic quality tools.
- **Tata Technologies Ready Engineer** (Advanced Automobile Design, Analysis & Manufacturing).
- **CSWA (SolidWorks, Dassault Systems)** proficient in 3D CAD, design analysis, and drafting.
- **NPTEL Certification** – Advanced Machining Processes.

Technical Skills

- AutoCAD 2D & 3D.
- Fusion 360 - 3D modeling.
- SolidWorks – 3D modeling, Rendering.
- Autodesk Inventor
- Ansys - Workbench
- Microsoft Office
- C Language (Basic)
- Python Language (Basic)
